WEEK 3 RECAPS

THE FRESH STUFF

Gavmoney 139.28 Rashee Rice's Felons 113.14

Gavin set a **perfect lineup** (0.00 left on the bench), took the week's high score, and sits 3-0 with the most points in the league. Dennis got **-6** from the Packers D/ST. Negative points. From a defense.

urple goblin 132.56 Yellow Fever 99.24

Gibbs dropped **41.4** and Lucas won by 33 while leaving **54 points** on his bench (Juwan Johnson 23.3, Rodgers 22.7 behind Maye's 3.8, Wan'Dale 18.7). Best lineup: 186.58, a season high by 32. Jerry benched Darnold (27.7) and Kalif Raymond (21.0) and is now 0-3.

Ceedeeznuts 115.90 Dream Two Man 113.46

JSN went for 35.4 and Sam won even with Michael Wilson's 25.9 on the bench. Allen "only" had 17.5 (obviously the weather). Theo started Michael Pittman Jr. (3.6) over Rome Odunze (7.4). That one swap flips the game. Second loss of the year by under 2.5.

deonewalker 121.58 Nolan's Nifty Team 120.66

Closest game of the season: **0.92**. Nolan started Jake Bates (7) over Harrison Mevis, who kicked **16** on his bench. The Commish rode Bijan (35.3) and the Vikings D (19) while Carr, Rivers and Flacco sat on his bench like a QB museum.

ICBM 110.18 Dart Vader 107.14

Julian benched Fannin (24.1), Burden (19.8) and Meyers (19.4) and still won. That's because Logan benched Kenyon Sadiq (23.5) to start Dalton Kincaid (3.8) and lost by 3.04.

Matt likes slug stuff 92.78 pfp 84.34

Drake London's pfp debut: **28.4**. Vincent lost anyway, starting Bryce Young (13.6) with Geno (26.0) and Stafford (20.9) on the bench. Justin finally started Purdy (31.3), one week late.

AWARDS

WEEKS 1-3

PLAYERS OF THE WEEK

W1 Josh Allen 35.7 (D2M, lost anyway, which is on Theo) • **W2** Jaxon Smith-Njigba 42.5 (CDN) • **W3** Jahmyr Gibbs 41.4 (UG)

BENCH BLUNDER

Nolan, Week 2. Goff 29.8 on the bench, Dart 0.8 in the lineup. Nolan's best lineup was **151.78**. Dart Vader scored 151.26. He lost by 55 and would have won by half a point.

KICKER ROULETTE

Nolan again. Two kickers on the roster, wrong one started **3 weeks in a row** (19 pts lost). Week 3 was a 0.92 loss with Mevis's 16 on the bench. Please roster one kicker.

HEART-BREAKER

Theo. Lost by 0.96 and 2.44. Pittman started both games, plus Week 2 when he was *inactive* (0.0). Swap him for the bench WR either week and Theo's 3-0.

REARVIEW MIRROR

Justin. Benched Caleb for his 37, started Caleb the next week for 7.7, and sat Purdy's 28.5. Always one week behind the hot hand.

HINDSIGHT HALL OF FAME

With their best possible lineups, **Nolan, Logan and Theo would all be 3-0**. Their real combined record is 2-7.

GALAXY BRAIN

Perfect lineups, zero bench points wasted: **Dennis** (W1) and **Gavin** (W3). Both posted the week's high score.

NAME FRAUD

Ceedeeznuts doesn't have CeeDee (he's on Gavmoney). **Rashee Rice's Felons** don't have Rashee Rice, and **Dart Vader** doesn't have Jaxon Dart. Both are on Nolan's team.

VISIONARY EXEC

The Commish sent **17 bold, forward-thinking trade offers** in three weeks. The league wasn't ready for 16 of them. He also wisely shut down Vincent's 8-for-7, 15-player mega-deal for Bijan, Nabers and Collins.

TRADE REPORT

3 DEALS

Yellow Fever → Drake London
pfp → Deebo Samuel + Khalil Shakir

Accepted Sep 20. Week 3: London **28.4** for Vincent, while Jerry got Deebo 15.4 + Shakir 1.6 = 17.0. He also dropped Josh Downs, who Vincent grabbed off waivers.

WINNER: VINCENT Not close. London's a WR1 and Deebo's a 30-year-old with Shakir thrown in.

deonewalker → DK Metcalf + Chuba Hubbard
Felons → Emeka Egbuka + Jadarian Price

Week 3: Hubbard 15.0 + Metcalf 12.1 for Dennis vs. Egbuka 11.2 + Price 1.2 for the Commish. The Commish still won his game by 0.92, which is the only stat that matters.

VERDICT: COMMISH (LONG-TERM) The numbers say Dennis. The Commish says it's been one week.

urple goblin → TreVeyon Henderson
ICBM → Dontayvion Wicks

Henderson 3.9 (started), Wicks 5.2 (bench). A rounding error.

LEAN: JULIAN A starting-caliber RB for a WR4 is a good price.

POWER RANKINGS

OURS, NOT ESPN'S

- 1 Gavmoney 3-0 • 408.6 PF**
Most points, two weekly highs, a perfect lineup, and the real CeeDee. Weakness: TBD.
- 2 Ceedeeznuts 3-0 • 381.4**
Sam has made 3 roster moves all season, so this is basically the Commish's second team. 3-0, naturally.
- 3 Dart Vader 1-2 • 382.2**
#2 in points. The roster is elite; the guy setting the lineup is the problem.
- 4 Rashee Rice's Felons 2-1 • 379.1**
Won the Commish trade and got Bowers back (27.6). No Rashee Rice, though.
- 5 urple goblin 2-1 • 361.7**
Gibbs is a cheat code. Lucas has left a league-worst 93 pts on his bench.
- 6 deonewalker67330lbs 2-1 • 324.0**
Winners win. Points for is a made-up stat. Set by the Commish's office, no appeals.
- 7 ICBM 1-2 • 360.5**
Most points against in the league (402.6). Scored 147 and lost. Deserves better.
- 8 Dream Two Man 1-2 • 348.2**
Named for Amon-Ra and Josh Allen. Allen is perfect; the other guys lost two games by 3.4.
- 9 Nolan's Nifty Team 0-3 • 318.9**
Best lineups would have him 3-0. Has lost by 13, 55 and 0.92.
- 10 Matt likes slug stuff 2-1 • 313.9**
2-1 even though his starters are 16 pts/wk under projection. Living on schedule luck.
- 11 Yellow Fever 0-3 • 310.7**
Puka hurt, Goedert hurt, London gone. Jerry's having a rough month.
- 12 pfp 1-2 • 278.3**
Fewest points by 32. On the bright side, Vincent fleeced Jerry for London.
