WEEK 9 RECAPS

ALL FINAL

deonewalker 133.04 — Yellow Fever 117.80

The trade-partner grudge match goes to the office. The Commish set a **perfect lineup**: Burrow 29.54, Bijan 26.7, and **Boston 15.8**, a Jerry import, did the honors. Jerry got **35.0 from Nacua**, then Swift gave him 3.1 on an 18.61 projection. **Five-game streak: over.** Even Jerry's best lineup (124.50) loses.

Ceedeeznuts 149.28 — The Triple Doubles 119.40

Week high for the Commish's second team. Jordan Love **36.18** on a 17.03 projection, Golden 32.4, 49ers D 19. Sam started Jacobs (0.5) with Marks's 8.4 benched, exactly as the Lineup Police warned; didn't matter. Eddie got Chase 31.5 and Irving 28.5, then Goff 5.3. Kicker coin flip: **Butker 4, Bates 15** on the bench. Best lineup 136.90 still loses. 1-8.

Gavmoney 137.14 — Dream Two Man 88.96

Lock cashed by 48.18. Lamb 33.5, Watson 30.1, and Gavin **benched Stroud's 35.36** to start Jayden Daniels (14.56). Theo started Jeremiyah Love (IR) **again**, 0.00, with Lemon 12.1 and Rodriguez 11.2 on the bench. Josh Allen's 12.86 was **a weather event**, per our meteorologist. Best lineup 102.56 loses anyway.

Rashee Rice's Felons 131.98 — pfp 75.82

McCaffrey 22.7, Bowers 22.3, Shrader 16. Dennis started Adonai Mitchell for a **0.00** with Likely's 16.3 benched, and sat Shough (19.7) for Mahomes (16.48), one week after benching Mahomes for Brissett. Vincent: Thursday's paper praised him for starting the right QB. **Stafford 11.22, Bryce Young 20.34 on the bench.** We regret the error. Week low.

Dart Vader 116.64 — Matt likes slug stuff 100.68

Logan set a **perfect lineup**. Five self-inflicted losses, and then this. Kenneth Walker III **36.3**, Coleman 18.8, Cousins over McCarthy (12.64 to 7.28). Still no Jaxson Dart. Justin obeyed the Lineup Police, starting Purdy (25.28) over Caleb (12.76) and benching Dowdle on bye, then Jefferson gave him 8.8 and Jeanty 7. Best lineup 112.98, short by 3.66.

urple goblin 124.36 — ICBM 116.28

Upset Alert busted. Lucas went perfect again; the three-kicker hoard returned **Zvada 17** started and Fairbairn 17 benched. Javonte Williams 22.4, Higgins 20.2. Julian's Bills D/ST (on loan from the Commish) scored 15, Burden 20.7, but Lawrence 13.58 on a 20.06 projection. Best lineup 123.38: **0.98 short**.

Schedule: actual wins minus expected wins vs. all 11 teams each week. **Performance:** starters' points vs. ESPN weekly projections. **Injuries:** est. pts/wk lost to sidelined non-QB regulars (no game, not on bye), valued at their avg ESPN weekly projection. **Verdict:** Vincent is 4-5 while missing projections by 17.2 a week; the Triple Doubles have lost 3.09 wins to the schedule alone. The Commish's +3.8 is called skill. *Not really independent.
